This includes images created in 'another form' which means copied from prints or digital images entered in any other competition. Digital/Print images entered in any special competition cannot be entered again in any future special (non-monthly) competition but may be entered again in any monthly print or digital image competitions (in accordance with the rules of these latter competitions).

6. Convenor's Responsibilities

- It is the responsibility of the convenors to brief the judge on the formal rules of the competition.

It is the responsibility of the entrant to ensure that prints and images are correctly titled and appropriately labelled, also that they are in presentable condition.

9. Final Authority

In all matters related to Club competitions the Committee of the Howick Photographic Society is the final authority.

10. Number of Entries

The committee will determine the number of entries permitted in the monthly print/digital images competitions. Where this number changes, the committee will advise the club members of this through the Society's newsletters, in advance of the month that it will take effect.

From March 2007, the maximum will be one open subject and one set subject entry.

11. Competition Points

Points accumulate during the year based on:

Award	Points
Honours	5
Highly Commended	4
Merit	3
Acceptance	2
Entry Only	1

12. Judges' Compensation

Allocation of points to in-house judges: Gifted points

There are 10 SET subjects and 10 OPEN subjects for both PRINTS and PROJECTED images, February to November each year.

When an in-house person **judges in either the projected or print sections** they **will not** have the opportunity to enter the **maximum 10 images in that section** for that year and therefore are at a disadvantage **in their points accumulation** from other club members who don't judge **and which could have an effect on who wins the points related trophies at year's end.**

The GIFTED points to the judge for the night they judge, is based on a formula of the total number of images they have entered for either Prints or Projected images in **Open or Set Subject categories** for that year.

As the points accumulation will not be known till the end of the current year's competition the gifted points cannot be allocated until the end of the competition year.

The formula is as follows:- **TOTAL NUMBER OF POINTS** divided by the **TOTAL NUMBER OF ENTRIES** the judge acquires in that year **IN EITHER OPEN OR SET SUBJECT SECTIONS:**

Example:-

43 points divided by **9** entries = **4.77** rounded to **4.8** points or another example

27 points divided by **7** entries = **3.86** rounded to **3.9** points

These gifted (e.g. 4.8 and 3.9 above) points will be added to the judge’s total points for the year as compensation for lost points for the night they judged.

In the unlikely event that an in-house judge, judges twice in the year for the same category the GIFTED points should be doubled.

13.No award given

This entry may be re-entered in a later monthly competition

14.Competition Grades

For the monthly print and projected images competitions there will be three primary grades, “A”, “B”, and “C”. There will also be a print and projected images Junior Grade for members 16 years of age or younger. A competitor may be in different grades for each of the print/projected images competitions.

- a. **A new competitor** is placed in the lowest grade for each competition in which they compete (print/projected image). Any competitor may seek entry to a higher Grade by presenting a portfolio of six prints/projected images to the Selection Committee for their evaluation. (April 09)
- b. Within each Section, **promotion** will be automatic in the year in which a competitor gains at least 80% of the possible points from SUBMITTED entries over BOTH open and set subjects, providing that the Competitor has submitted a minimum of 65% of the total images required for the year.
- c. The committee may consider any other competitor on the recommendation of the selection panel, regardless of points gained.
